Salad Packing Business Grows

A. P. Mills began the salad packing business three years ago, and now produces as much cellophane-wrapped vegetables as all his competitors in this area combined. His factory at 6139 Mission turns out 4000 bags a day. Fourteen Daly City people are employed at his establishment.

Varieties of Mills products are Spinach, Super-Salad (five shredded vegetables mixed), Soup Mix (cubed vegetables), shoe string potatoes, shoe string carrots, bean sprouts, and the latest one—dehydrated applesauce.

Local stores where these may be obtained are Milo's Market, Farmer's Market, and Lucca's, in Colma.

The vegetables are all of first quality, according to Mills, and great care is taken to keep them perfectly clean to the time they reach the customer. Mills cellophane-wrapped vegetables are preserved by a secret method known only to the manufacturer.

South African Racket

Cape Providence, South Africa, is preparing drastic action against the money-making racket of "jackal breeders." It is stated in Capetown. It has been discovered that in parts of the province professional hunters, who destroy jackals for bounties have been capturing only the cubs, allowing adult animals to escape, and thus providing for the next season's "crop." It is suspected that in certain districts there are secret jackal breeding establishments, the owners of which make big profits by constantly turning in very young jackals. Last year the record number of 36,000 were destroyed at the standard rate of \$2.50 an animal. In some districts \$3.75 is paid.

Absent-Minded Drivers

For motorists who make a habit of failing to release the emergency brake all the way, or who sometimes drive off without releasing it at all, a new brake-alarm proposes to come to the rescue, giving an audible signal and is capable of being affixed to practically any car, bus, truck or tractor.

'Jim Crow' in Warsaw

The South, in these good old United States is not the only place where "Jim Crow" streetcars are in operation. They have been installed in Warsaw, one compartment for Germans and the other for Poles and Jews. The reason—"spotted typhoid being prevalent among Poles and Jews."

AT MILLS FACTORY

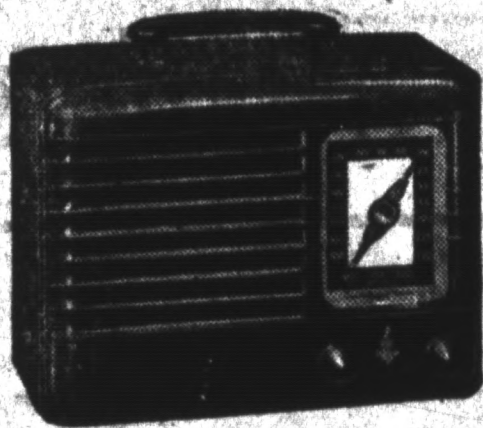

Shown above is the interior of the Mills Factory—which produces cellophane wrapped salad and other vegetable mixes. A. P. Mills was the first man in the Bay area to give the public fresh salads all the year around, and is the largest manufacturer of this unique product in this area.

In the foreground are Mrs. Mills, floorlady; Mrs. Margaret Stahl, packer; Bob Mills, stock clerk; and Edna Mills, weighmaster. In the background are Marie Haller, Marjorie Anderson, and Iris Lencioni.

At the front table salad is being packed, and at the further table spinach is being given the same treatment.

For Pie Plant Lovers

By Frances Lee Barton

ABOUT this time of year millions of "pie plant" or rhubarb lovers renew their acquaintance with this delicious vegetable. Strawberry lovers are also seeking new ways to enjoy this seasonable berry. Here is a recipe where both are combined into a dessert that is both seasonable and delightful:

Rhubarb and Strawberry Tapioca
4 tablespoons quick-cooking tapioca; 1/4 cup sugar; 1/2 teaspoon salt; 2 1/2 cups rhubarb juice and water; 1 1/2 cups cooked sweetened rhubarb, drained; 1 1/2 cups fresh strawberries, halved.

Combine tapioca, sugar, salt, and rhubarb juice and water in saucepan and mix well. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Fold in rhubarb and strawberries. Cool, stirring occasionally — mixture thickens as it cools. Chill. Pile lightly in sherbet glasses. Garnish with whole berries. Serves 8.

For 1 1/2 cups cooked, sweetened rhubarb, cut about 1 pound red-stalked rhubarb in 1-inch pieces; add 1 cup sugar and 1/2 cup water and cook 5 minutes. Cool.

An All-Day Dish

By Frances Lee Barton

THE recipe below describes a corned beef loaf that certainly fits into the schedule of a busy day.

It's a good main-course dish for dinner, an excellent lunch-box dainty and just the thing for that bite before bed or an after-bridge luncheon. Best of all, it is easy to make and far from expensive.

Corned Beef Loaf

1 package lemon-flavored gelatin; 1 pint hot beef stock or 1 pint hot water and 4 bouillon cubes; 2 tablespoons vinegar; 2 teaspoons Worcestershire sauce; 3 cups finely chopped cooked corned beef; dash of cayenne; 1 tablespoon scraped onion; 2 teaspoons prepared mustard; 2 tablespoons horse-radish. Dissolve gelatin in hot stock. Add vinegar and Worcestershire sauce. Chill. Combine remaining ingredients. When gelatin is slightly thickened, fold in corned beef mixture. Turn into loaf pan. Chill until firm. Unmold. Serve in slices. Serves 8 to 10.

Multiplex Camera

One company now makes a camera with 12 interchangeable lenses and 500 different accessories, reports Collier's.

Native Daughters Plan Big Sale

Do you like home-cooked foods? Do you like to pick up valuable bargains at rummage sales? If you do, El Carmelo Parlor No. 181, Native Daughters of the Golden West, have planned an event designed especially for you.

Next Thursday and Friday, from 9:30 a. m. to 4:30 p. m. each day, the Native Daughters will conduct a mammoth food and rummage sale at 6283 Mission street.

The committee announces that there will be a large selection of slightly used clothing and household articles. They described the prices as "give-away."

The home-cooked foods will include salads, Spanish beans, tamale pie, jams, jellies, cakes, and candy.

Mrs. Julia Romer is chairman of the committee in charge of the sale. Assisting her are Mrs. Florence Hopman, Mrs. Christine Hulme, Mrs. Helen Meyer, Mrs. Dorothy Donofrio, Mrs. Eloise Schilling, and Mrs. Helen Lynch.

Wild Rice
Wild rice contains 14.8 per cent protein, 9.3 per cent moisture, 2 per cent sugars, 1.5 per cent ash, 1.1 per cent fiber and small amounts of fat, phosphorus, potassium, magnesium, sulfur, calcium and chlorine, says the American Chemical society. The process of parching the seed, introduced by the Indians to facilitate removal of the hulls, reduces appreciably the content of fat, fiber, protein, total ash, magnesium, potassium and phosphorus. In a special test it was found that the vitamin B₁ content of three samples of wild rice seed averaged 1.67 international units per gram, whereas the average of the same three samples when parched was 1.39.

Mushroom
According to tests, the lifting power of an average-size mushroom is 37 pounds.

A Palatable Poemal

By Frances Lee Barton

There is joy in the family when grandmother bakes delectable morsels — pies, pudding or cakes.

Her plump crusty biscuits — with sugar between Are fit for a President's wife or a Queen.

Crusty Sugar Biscuits

2 cups sifted cake flour; 2 teaspoons double-acting baking powder; 1/4 teaspoon salt; 2 teaspoons sugar; 6 tablespoons butter or other shortening; 1/2 cup milk; 5 tablespoons butter; 1/2 cup light brown sugar, firmly packed.

Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Cut in shortening. Add milk all at once and stir carefully until all flour is dampened. Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out on slightly floured board and knead 30 seconds. Roll 1/4 inch thick and cut with floured 1 1/2 inch biscuit cutter. Place 1/2 inch apart on ungreased baking sheet and bake in hot oven (425° F.) 12 to 15 minutes. Cream butter and brown sugar together. Split hot biscuits and spread sugar mixture between halves, using 1 teaspoon to a biscuit, or spread 1/2 teaspoon between halves and 1/4 teaspoon on top. Return to oven and heat 3 minutes. Serve hot. Makes about 3 dozen biscuits.

Catholic Ladies Aid Plan Whist Party

Mrs. Alma Garriety has been named chairlady for the benefit whist to be given by Catholic Ladies Aid Society, Branch 59, next Tuesday afternoon at St. Michael's hall, 32 Broad street.

She announced today that all whist players of this area are cordially invited to attend. Playing will begin at 2 p. m.

Many attractive awards, including a cash first prize, await next Tuesday's players.

Guard President

At President Roosevelt's party for Washington newspaper reporters, guests who had wandered to the south lawn had a queer sensation when they tried to get back into the Mansion and found the doors locked. Peering through the windows they saw that the brightly lighted Red room, the Blue room and the Green room had been suddenly emptied. Before long, a secret service aide came to explain. The rooms had been cleared to allow President Roosevelt to pass through to his private elevator. Just part of closer guarding of the President since the war has become worse.

Perseverance
Perseverance conquers, John E. Morris believes. Morris wound up in a 608-406 tie for the Democratic nomination for city council at the primaries in Salisbury, Md. "Well," he commented as officials planned a recount and possibly a special runoff election, "last year I lost by a single vote."

Dog Stays On

Frank Brusewitz has retired as station agent for the Great Northern railroad here but his faithful dog, Terry, carries on. Terry reaches the station every morning at 7:30 o'clock, meets all passenger trains and then trots to the post office and bank—a routine he followed with his master for years.

No Blackout
Failure to display tail lights on their baby carriages during the blackout cost four women four shillings (about 80 cents) each. They were fined in magistrate's court at Walsall, Staffordshire. The arrests were made after one of the carriages was hit by an automobile.

Florida's Edible Fish

Of the more than 300,000,000 pounds of fish caught in Florida waters annually, little more than one-third are of the edible variety, according to R. L. Dowling, state supervisor of conservation. The non-food fish, mostly menhaden and sharks, are used in the manufacture of fertilizer, oils and novelties, Dowling explained.

Horse Rider Guilty
It isn't always necessary to have 80 horsepower under the hood to drive in a reckless manner. A Boulder man had only a one horsepower vehicle under him when he drew such a charge. Riding a horse, he was accused of behaving so recklessly that two girls, walking in the road, were injured.

China Elephant

Dr. William W. Christley, Corydon, Ind., dentist, found a tiny china elephant in the debris of the 1937 Ohio river flood. He kept it. Since then, he has collected more than 700 toy elephants, big and little, in every kind of material from ivory to sponge. He keeps them in his office.

American participation dates back for a century. The fair includes the newest art and industrial products from 32 of the leading industrial countries.

PERKY

WOOLEN SUIT DRESS with a touch of white is the smart outfit Linda Johnson of Columbia network's "Big Town" series, finds so useful in town. Notice the double flounce at the new lowered waistline, and hand-wrought silver buttons and buckle. Her perky navy straw hat with gros-grain loops and veiling matches the dress.

Exeter Compass

The compass by which Captain Bell steered the Exeter in the Graf Spee battle has been presented to Matfield Grange school in England, which the captain once attended.

Map Engraving

Engraving of maps began in the year 1490. Before that date they were in manuscript.

Lapland's Old Trees

Thirty-two per cent of the trees in Lapland are more than 100 years old.

Argentina Makes Pictures

Sixty feature motion pictures were produced in Argentina in 1939.

Ian Hunter, John Wayne, Thomas Mitchell, Wilfrid Lawson and Barry Fitzgerald are five of the fellow passengers on "The Long Voyage Home," the John Ford production based on Eugene O'Neill's famous plays of the sea. The picture, which abounds in thrill-packed action, is now playing at the Daly City theatre.

Where Profits Go

Department, dry goods and general merchandise stores throughout the country receive about \$2,000,000 complaints a year, which cost merchants on the average one dollar each in operating expense and markdowns, according to William J. Pilat, professor of retailing at the University of Pittsburgh.

Heaviest

"Babe" Conaughton, 290-pound guard on the Georgetown eleven of 1924, probably was the heaviest college football regular player.

Cream Vegetable Soup
Broadcast by Mary Lee Taylor
May 1, 1941

½ teaspoon butter ½ cup Pet Milk
½ teaspoon flour diluted with
few grains salt ½ cup water off vegetable
2 tablespoons vegetable puree (see below)

Melt butter. Blend in flour and salt. Stir in diluted milk. Cook over boiling water 10 minutes, stirring frequently. Add vegetable puree. Heat thoroughly and serve at once. Makes 1 large serving.

For Vegetable Puree: put asparagus, broccoli, cauliflower broken into pieces, sliced carrots, celery, dried beans, cut green beans, peas, sliced, pared potatoes (not new) or spinach in saucepan. Add a few grains of salt and enough boiling water to just cover the vegetable. Boil until vegetable is soft and water has nearly cooked away. Then press through a wire strainer. You may also use canned vegetables, if heated to the boiling point, and strained, or the purees of vegetables that are now obtainable in cans.
